

4 September 2008

Dear Desmond and Shelvin,

This little note of appreciation is long overdue. We Apologised.

We would like to express our deep gratitude for making the night of 3<sup>rd</sup> August 2008 a truly memorable one. It was so good that we could not stop talking about it for weeks. Every time we looked at the photos, it invokes a flood of flashbacks and brought joyful smiles to our faces.

What is truly amazing is that you managed to bring the house down given the limited time you had to plan the event.

Thank you once again and hopefully we get to meet up for upcoming events in the years to come.

Yours sincerely,
